

Building & Dedication of Zion's new church building

“It was a joyous day on January 25, 1953, when the new church building was completed and a dedication service was held. It was a great day for rejoicing with friends and relatives from far and near coming to celebrate. The program began with the unlocking of the church door at 9:00am, the dedication service at 9:30am, and a special church service in the afternoon. There were approximately 1,200 persons at the noon dinner served by the women of the church and members of ladies aid society, and 300-400 persons at the supper served in the beautiful church parlor.” *From This House of God publication*
